

ADDITIONAL COVID-19 PROCEDURES FOR SUPPLIERS ENTERING KLM PREMISES

Scope: all KLM premises
Effective: March 16, 2020
Version: 1.0

To guarantee the safety of our employees, visitors, contractors and customers the following precautionary measures apply to all suppliers who will enter KLM-premises with immediate effect:

- Anyone who has been in a risk area in the past 14 days and/or
- who has flu symptoms (colds, shortness of breath, cough and/or fever) and/or
- anyone who has persons within his household suffering from one of the above symptoms

is NOT permitted to KLM premises.

The RIVM currently identifies the following risk areas:

- China including Macau and Hong Kong
- Singapore
- South Korea
- Iran
- Italy

If more risk areas are designated by the RIVM, the same measures will apply to those areas. Governmental information, advices and the latest information about the Coronavirus can be found at the Government's website: www.rivm.nl

In case you expect any disruptions in supply we kindly ask you to inform your contactperson within KLM immediately.
